

- A few days before
- 7:30 am 3:30 pm
- DC → Walmart → Lake City
Target
Cisno
Dollar General } 24 pellets
can be 60 pellets

Capacity 12 pellets on truck

- Binbro Breed every day except Wed. → 6:45 am
- Unitry - grant
- What would it look like to do a one time reallocation
→ get the constraints from pickup locations

They keep the 1 down in house → for mobile delivery

Propose then pickups if needed

A lot ^{of donations} right after the students go home

- wait time (eg. Walmart) 20-30 m
- loading time same as eg. look 3 full

Stores like pickups before noon.

Agencies pick up directly more

Trucks can break down or people call in sick
